

Work like a Painter: Composite Artistry in the Anterior Aesthetic Zone

VIRTUAL CLASSROOM

 21 November 2020
Saturday | 14:00 - 18:00

 Online Event

 Area of interest: Cosmetic Dentistry, Restorative Dentistry

Dr Hussein Naama
Iraq

Abstract

Direct composite restorations are the most commonly placed restorations in routine clinical practice. However, understanding material science, identifying the composite recipe for an accurate shade match, anatomical contouring, finishing & polishing remain a challenge for many. This lecture and demonstration will provide an overview on adopting Minimally Invasive Cosmetic Dentistry (MICD) and highlight tips & tricks to composite artistry while achieving life-like restorations in the anterior aesthetic zone...
